Reference your letter dated 30 January 1958, file no. 1586, same subject as above. Comments pertaining to the recommended FAK and Depot Spares Lists for A, B, C, and F racks, which were forwarded by your letter dated 16 December 1957, were sent to the contracting officer on 26 December 1957. He, in turn, included these comments in his approval letter dated 12 February 1958 to the contractor.

The problem presented in the referenced letter was discussed by Bruce and Dan on 20 February 1958. The attached letter no. 24628 dated 21 February 1958 in regard to this matter has been received from Dan. As he has stated, it is possible that the spares received by you are items which the contractor was authorized to deliver under previously approved lists. Please furnish this office the information requested in paragraph 4 of Dan's letter in order that a determination can be made as to the contractor's authority to deliver the items in question.
